PLAYERS AND COACHES WILL HAVE THEIR MEALS COVERED BY THE PODCAST SPONSORS:

2024

If you've never played football, YOU COULD NEVER TRULY UNDERSTAND WHAT IT MEANS TO PUT THOSE SHOULDER PADS AND HELMET ON FOR THE VERY LAST TIME. Football can never be duplicated, NEVER.

Most people, even parents, don't really understand what it means when a senior football player's season ends. They don't understand the true finality of it for 95% of these kids. You can play baseball/softball in rec leagues forever. You can always play a game of pick-up basketball. You can play golf and tennis as much as you want when you get older. You can run track and enter 5k or marathons till you die. But most high school football players will never ever put on a helmet and play the same game again. You go from being totally and completely immersed in a game you love to being totally and completely shut out from it. That is incredibly difficult. Football is not a lifetime sport....but high school football IS a once in a lifetime experience.
